

30. THE ORIGINAL AND LAWFUL THIRTEENTH AMENDMENT TO THE CONSTITUTION OF THE UNITED STATES OF AMERICA

“If any citizen of the United States shall accept, claim, receive, or retain any title of nobility or honor, or shall, without the consent of Congress, accept and retain any present, pension, office or emolument of any kind whatever, from any emperor, king, prince or foreign power, such person shall cease to be a citizen of the United States, and shall be incapable of holding any office of trust or profit under them, or either of them.”

In the Constitution of the United States, Article 1, Section 9, clause (8):

“No title of nobility shall be granted by the United States: And no person holding any office of profit or trust under them, shall, without the consent of the Congress, accept of any present, emolument, office, or title, of any kind whatever, from any King, Prince, or foreign State.”

Article 1, Section 10, clause (1):

“No State shall enter into any treaty, alliance, or confederation; grant letters of marquee or reprisal; coin money; emit bills of credit; make anything but gold and silver coin a tender in payment of debts; pass any bill of attainder, ex post facto law, or law impairing the obligation of contracts, or grant any title of nobility.”

When one receives a license, it comes from the executive branch...except for attorneys' licenses. In some states, the state Supreme Court licenses attorneys. I ask you, what authority under the Constitution and the three branches of government do the courts have to license anyone? How can a private organization govern themselves by giving a Bar Card to a member to practice in a court and prohibit the remaining population from practicing? This acts like a Title of Nobility. Can Congress delegate their authority and responsibility to a private organization? No. The court-licensed attorneys or Bar Card-carrying attorneys control all three branches of government. The attorneys now interpret the law and the Constitution for all other Americans. Three branches of government exist to prevent one organization from taking over the nation, yet the attorneys control all three branches.

It is believed, and research points to the fact, that attorneys' Titles of Nobility comes from England, as does the Bar Association (which appears to be controlled or owned by banks). Attorneys take an oath (contract with the people) to uphold the U. S. Constitution and the state Constitution. It is required that attorneys and judges be U.S. Citizens. If the original Thirteenth Amendment is upheld, the attorneys and judges are not U.S. Citizens and cannot put you in jail. Lawmakers with attorney licenses cannot pass laws. Even if they do, the nation is bankrupt and not sovereign, so it has no effect as law of a De jure government.

Titles of Nobility were used in Europe to designate a rank or dignity or privilege presented over others who otherwise would be of equal status. Our founding fathers hated this class system and brought it to an end. The powers in Europe thrived on this system, keeping their families in power. They simply tried to implement this class system in America in order to extend their wealth and control. Our founding fathers

envisioned America to be different, giving everyone equal protection. Today, you need an attorney to represent you in court and are not allowed counsel of your choice as the Constitution guarantees. The Bar attorneys reinterpreted the Constitution to create a monopoly, forcing you to hire their members and to meet their agenda. If a Bar attorney will not cooperate with the Bar, the Bar dis-bars him or her so that they cannot practice, nor even have a law challenged. Judges insist you hire an attorney, not counsel, of your choice. One private organization controls court decisions affecting every citizen and the laws we live by. The Bar Association, the media, and the banks have far more control and a different agenda than most people realize.

Do you see why government law enforcement threatened to kill me or plant evidence on me so they could silence me in jail? They had to hide the truth about the banks' operations, the original Thirteenth Amendment, and the Emergency War Powers and Trading With the Enemy Acts to remain in power and take your wealth and rights. If people understood the whole truth, they would have been voted out a long time ago.

I need you to spread the word to make it happen and restore your freedoms. Join me in making America free again.

Here is a history lesson about the original Thirteenth Amendment and the War of 1812. In the mid-1700s, Mayer Rothschild, one of the most successful European bankers, was reported to have bragged: "Permit me to issue and control the money of a nation and I care not who makes its laws" (p. 198, see bibliography #12). He knew that if he controlled the banks, he controlled the lawmakers. Alexander Hamilton was appointed as Secretary of the Treasury in 1788 by George Washington. In 1790, Alexander Hamilton, a bank agent, submitted to Congress a proposal for the First Bank of the United States. Thomas Jefferson, then Secretary of State, attempted to stop it without success. The investors of the bank were never revealed. It is believed Rothschild was an owner. The newspapers called it "a great swindle." The bank was passed with a twenty-year charter to allow the people time to discuss the bank and its merits and decide if they wanted to allow it to recharter by 1811. President James Monroe let the charter lapse. On January 24, 1811, the bank was voted out of business. Within five months Britain was at war with America. In 1814, a British force arrived in Chesapeake Bay. Against all military logic, the British force first targeted the records of Congress and completely destroyed them instead of destroying the military fortifications. Why were these records so important? The King knew if the original Thirteenth Amendment, stored in the records of Congress, survived, his reign was over. The King could not control America without his bank, nor if the original Thirteenth Amendment succeeded.

Today's police, attorneys, lawmakers, and judges are in the same situation that the King was in. When the King destroyed the Thirteenth Amendment, he must have forgotten, or did not realize, that the State Capitals had copies. When the banks own or control the media and publishing companies, they simply delete our true history. The judges, police, and lawmakers have been told and shown the evidence of the original Thirteenth Amendment. If they allow it to exist, they would not only be removed from power, but how many people would want to try them for conspiracy or treason? There are many angry people. Why not give them amnesty if they come over to our side very quickly? Once they know the truth and we can document they were told, then it shows their intent and it is up to the voters to decide the outcome.

Money is a powerful means to persuade lawmakers to vote in the European banking system. Again it happened. In 1816. A second European bank was granted a 20-year

charter. Just as President Jefferson predicted, the bank inflated the economy and contracted the money supply, creating a depression in 1819 with a large number of bankruptcies and a debtor population. The banks simply repossessed the property and owned it without loaning one cent of other depositors' money. Again the population woke up and Andrew Jackson ran for the Presidency with the campaign to cancel the European banking system. Real Americans rallied behind Andrew Jackson and elected him to office. A second time history repeated itself and President Andrew Jackson ended the Bank's charter, setting America free again from the Nobles. All we need to do is repeat history again, first by education so that the people will know the truth and, secondly, vote correctly to set themselves free.

About the author

Tom Schauf has a diverse background. He graduated from Northern Illinois University with a Bachelor of Science with double majors in accounting and finance.

After graduation, he worked as a staff accountant for Motorola. He worked for a small certified public accounting firm, owned and operated his own business brokerage firm and certified public accounting practice.

Over a period of nearly ten years, he has testified in a number of cases as an expert witness in business valuation, and has taught the arts of business acquisition and negotiations to buyers, CPAs, and lawyers on a national level in colleges and major universities.

He has taught lawyers and thousands of CPAs the art of valuation and negotiations in his copyrighted course designed to meet continuing education requirements.

He has been a controller, and head of purchasing and personnel for a major manufacturing company. He was also a real estate broker and aircraft flight instructor (CFII).
